

DIFFUS design Katja Pettersson 2018

**bsweden**  
belysningsbolaget

Diffus is simple in its basic shape but is curved into a construction that ensures that the pliability of the material retains the light. Together, the form and the recyclable anodised aluminium create a lampshade that subtly and gently diffuses the light that it casts.

Diffus is available in two sizes and three colours and comes with a 3.5 watt or a 6 watt LED bulb.

	Total height	Max dia.	Height	Bulb	Flex
DIF30P	280	300	200	E14 led	1500
DIF45P	430	450	320	E27 led	1500
