SPLIT design Åsa Lockner & David Taylor 2008

Pendant 17

Pendant 29

Pendant 40

Pendant in textured black, white, grey, orange, turquoise lacquer or copper finish.

Split – Åsa Lockner & David Taylor.

Åsa: – My forms often combine strength and fragility, where the fragile is an aesthetic quality not to be confused with weakness. The strength in Split is expressed by the displacement of material which can be seen in the controlled widening of the metal.

Pendant light in three sizes for use over tables and bars to provide both focused and ambient lighting. A light with a strong graphic expression, feminine and cocky, robust and calming.

Made in aluminium, black, white or copper finish.
